Annual Symposium 2022
Portland, OR

ASD's annual symposium is one of the few opportunities in North America for sports dentists to come together and share their knowledge and enthusiasm for the treatment & prevention of dental trauma and sports dentistry. Don't miss this opportunity to get your brand or new product in the hands of professionals working directly with the athletes.

Unlike large dental conventions, ASD's exhibitors value the intimate setting of the symposium where one-on-one networking and connections can truly take place, and relationships are built and grown year to year.

Attendees look forward to learning about new technologies and services that help them grow their practices and businesses within the exhibit hall so please do not miss out on this opportunity.
